

Pinwheel Printing Instructions

- Print on card stock
- Print page 3 - don't worry about the lines. They barely show on your print.
- On the back of your print, print page 4

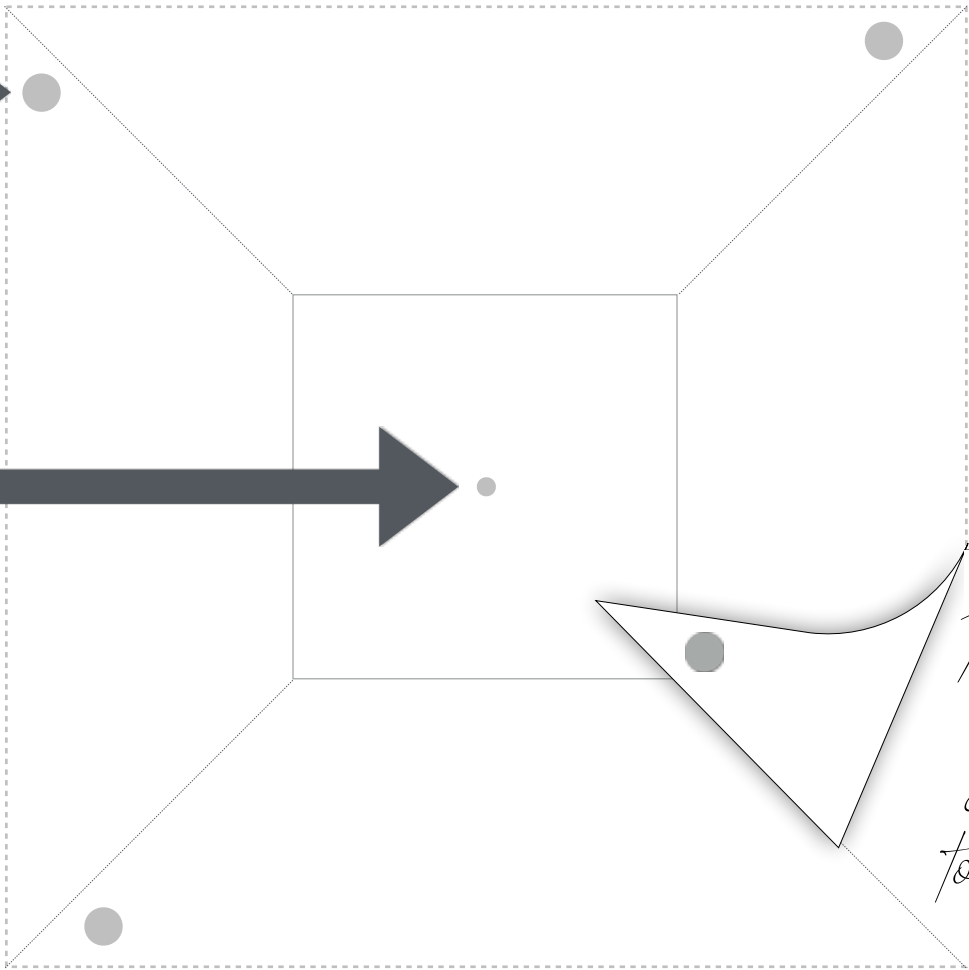

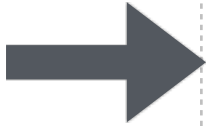

If you have trouble, take your prints to a copy store. They can help for a few cents.

Remember, you can fold to show the other pattern if you wish!

Pinwheel Instructions

1 Cut the square

2 Punch Holes

3

Make center hole. I use large needle

5
